Calling

Your location is automatically reported to the corresponding agency (police, etc.) when you place emergency calls (110, 119 or 118) with SoftBank 3G handsets. (Emergency Location Report)

832SH reports Location Information based on positioning signals from radio stations.

- Registration/transmission fees do not apply.
- Positioning accuracy is affected by location/signal conditions. Always provide your location and purpose on the phone.
- Location Information is not reported when emergency calls are placed without Caller ID (such as when the number is prefixed with **184**). However, the corresponding agency may obtain your Location Information in a life threatening situation.
- Location Information is not reported during international roaming.
