5

Overview

Handset supports SMS and S! Mail.

5
Mail

Available Mail Services

SMS

Exchange short text messages with other SoftBank handsets.

S! Mail (Separate contract required)

Exchange long text messages with S! Mail compatible SoftBank handsets and other e-mail compatible mobile phones and PCs. Images and melodies can also be attached to S! Mail.

Customize Handset E-mail Address.
Effective for blocking spam.

Graphic Mail

Use HTML mail to change font size/color, background, etc.

Emotion-Expressing Mail

Based on sender's message, handset shows a pictogram matching the sender's mood.

Sending S! Mail

1 Press and hold

Composition Window

2 Select address field **Enter Address** Enter address

To add more recipients, Select address field, press and repeat the same step. After adding recipients, press .

3 Select Subject field Enter subject

4 Select text field Enter text

Text Entry Window

5

■ To Cancel Transmission

When **Start Packet Connection** appears

Alternatively, press during transmission.

■ If **Resend mail?** Appears

YES

Tip

- Add up to 20 recipients total between To, Cc and Bcc fields.

Attaching Files

Attach the following files to S! Mail:

- Images
- Melodies
- Documents
- Books
- Phone Book entries
- Schedule (To Do List)
- Videos
- PDF files
- Music (Songs)
- Widgets
- Account Details
- Bookmarks

- For information about image, video, melody, PDF, other document, music files, book and widgets, see P. 12-2.

1 [Composition] window **Attach File**

2 Select a file type (Enter Security Code) Select a file

■ Images with Large File Size

Attach Mail, QVGA Scale down or **VGA Scale down** (Check an image)

Note

- Copy protected files cannot be sent as attachments or output to external devices.

Tip

- To open or play an attached file:
Select the file

Sending Messages

Graphic Mail

Create html messages to change font color/size and background color. Add scrolling text, paste images, etc.

<Example> Change font size, background color, insert an image and set flashing text.

- [Text Entry] window** → → → → **Select a font size** → → **Enter text** →
- → → **Select a background color** →
Press while selecting to toggle between 25-color and 256-color palettes.
- → **Select a folder** → → **Select an image** →
■ **Inserting Images with Large File Size**
→ **Insert Mail or SubQCIF Scale down** → (→ Check an image →)
- → → → **Enter text** → → → → →
-

Saving Addresses to Blog/Mail Member List

Group address into a list to send messages by group. One can be set for uploading blog images.

- **Own Data** → → → **Blog/Mail Member** →

Blog/Mail Member List

- Select a Blog/Mail Member list** →

Blog/Mail Member Window

- <Not Stored>** → → **To Enter an Address**
 → **Enter address** →

- ▶ **To Save an Address From Phone Book or Sent/Received Address List**

→ **Look-up address** → →

Phone Book, Sent Address or

Received Address → → **Select an address** → (→)

Setting Blog Upload Address

Save one blog address to Blog/Mail Member to set a blog address for posting entries.

- [Blog/Mail Member List]** →

Blog/Mail Member ★ specified as upload destination appears.

Tip

- To cancel blog upload destination:
Select Blog/Mail Member with ★ →

Sending SMS Messages

Send short text messages to SoftBank handsets, using recipient's phone number.

1 ⇒ **Compose SMS** ⇒

SMS Composition Window

2 ⇒ ⇒ **Enter Address** ⇒ ⇒ **Enter phone number** ⇒

3 ⇒ ⇒ **Enter text** ⇒
